ECONOUS 2018

AN ECONOMY THAT
WORKS FOR ALL

UNE ÉCONOMIE AU SERVICE
DE TOUTES ET TOUS

Each day forces us
to totter on planks, we hope
will become bridges.

- Kevin Hart

Over the past couple of days, what new aspects of yourself have you noticed?

What new questions and themes are occurring to you now?

What inner resistance are you noticing?

Where might judgement, cynicism and fear be holding you back?

What would it feel like to operate
from a place of curiosity?

What might it feel like to be open
to the unknown?

What is coming up for you now?

What is the future we
want to be part of
creating?

What is it about your work that you love and that gives you energy?

For that work to be successful,
what's the main change that
needs to happen over the next
decade?

Given that, how do you think you could work with others to have more impact? Who might they be?

What is one action that you will
take moving forward?
